

Insurance Brokers Association of Manitoba

Wagepoint

Wagepoint is a small-but-mighty fintech company on a mission to simplify payroll – and maybe even dare to make it delightful! Our online software was created just for small businesses, automating the most “ugh” parts of payroll – like calculating wages and reporting on taxes – so that our customers can get back to doing, well, literally anything else. Backed by the world’s friendliest team, Wagepoint is always supportive, never stuffy and refreshingly human. Founded in 2012, we make payroll magic happen for more than 25,000 small businesses, including many insurance brokers. Visit www.wagepoint.com to learn more or connect with us @Wagepoint.

Exclusive Benefits for Members of the Insurance Brokers Association of Manitoba

Referral Process Overview

We aim to keep things simple. Anyone within your network interested in getting started with our payroll solution simply needs to complete the following [Payroll](#) form. By completing this form they are identified as coming through IBAM and are automatically provided the 10% discount. The interested individual will need to provide us with their full name, name of their business, email address, and phone number. From there our team of payroll professionals will see the request and reach out to the interested individual within one business day!
